Collage is a technique of art production, primarily used in the visual arts, where artwork is created by assembling colorful paper cutouts. To enhance the students' experience in pictorial composition, the 'Make Your Masterpiece' event was organized for the young creators of the Nursery at Delhi Public School, Gandhinagar, on September 5, 2024. The students used different colored papers and pasted them onto the pictures provided to them. They created their masterpieces with great enthusiasm, and the event offered an enriching activity where the children expressed their imaginations creatively. The criteria for judgment were neatness and creativity.
