Embracing the Summer - Break

Dear Parents,

We would like to assign some courses of action to make your summer experience a memorable one.

- Have at least two meals with your children. Tell them about the importance of farmers and their hard work. And tell them not to waste their food.
- Let them wash their own plates after eating. This way, children will understand the value of hard work.
- Let them help you in cooking. Let them make vegetables or salads for themselves.
- Visit the houses of three neighbours. Learn more about them and build relationships.
- Visit grandparents' house and let them mingle with the children. Their love and emotional support are very important for your children. Take pictures with them.
- Take them to your workplace so that they understand how much hard work you do for the family.
- Encourage your children to make a kitchen garden. Knowing about plants is also important for your child's development.
- Tell your children about your childhood and family history.
- Let your children play outside, get hurt, get dirty. Sometimes falling down and enduring pain is good for them. A life like the cushion of a sofa will make your children lazy.
- Let them have a pet like a dog, cat, bird, or fish. Do not miss any local festivals or markets.
- Listen to some folk songs with your children. Bring some story books with colourful pictures for your children.
- Keep your children away from TV, mobile phones, computers, and electronic gadgets. They have a whole life for all these.
- Look into your children's eyes and thank God that He has given you such a wonderful gift. In the coming years, they will be at new heights. As parents, it is important that you give your time to your children.

Thank you once again for your partnership and commitment to your child's education. We wish you and your family a summer filled with joy, laughter, and unforgettable moments.
