Event Report

<b>Title: Educational Visit</b>	<b>Date: 10.01.25</b>
<b>Venue: Indroda Park</b>	<b>Class: Pre- Primary</b>

Delhi Public School, Gandhinagar organized an educational visit to Indroda Park for the tiny tots of Pre-Primary on January 10, 2025. The purpose of the visit was to give our young explorers a platform to explore their aesthetic, intellectual, cognitive, and spiritual skills towards nature. During the visit, students saw the giant sculptures, bones, and precious fossils of the extinct Dinosaurs. They also enjoyed walking into the lush green lanes surrounded by beautiful flora and fauna. The young minds also saw different species of animals in the zoo.

The visit provided a great insight into nature for our little explorers. All the students were thrilled and excited to be in such a naturalistic ambience. This was the first visit for this academic session, and it also helped students gain confidence in going out of their familiar surroundings and proceeding together as a team. It was indeed an enriching experience for the young minds.
